

## Flexible Pull Tab Caps

Large Pull-Tab allows easy handling and quick removal

immediate

FREE  
SAMPLES**Material :**

EVA (Ethylvinylacetate)

**Standard Colour :**

yellow

These Push-Fit Caps provide good tensile strength, toughness and increased flexibility between +1 mm and +2.5 mm in diameter.

They can be used to cap threaded and non-threaded applications and are ideal for use on hydraulic hoses or pipe ends fitted with pressure-sensitive external O-rings.

The internal lip ensures a firm and clean fit and prevents ingress of dirt and contaminants.

Large Pull-Tab allows easy removal.

# Flexible Pull Tab Caps

Large Pull-Tab allows easy handling and quick removal

## TRIPLE ADVANTAGE of PROTEC CAPTOP®

**QUALITY.** Cap threaded and non-threaded applications and are ideal for use on hydraulic hoses or pipe ends fitted with pressure-sensitive external O-rings. These Push-Fit Caps provide good tensile strength, toughness and increased flexibility between +1 mm and +2.5 mm in diameter. Ideal for working in confined space. The internal lip ensures a firm and clean fit and prevents ingress of dirt and contaminants.

**AVAILABILITY.** With over 400 million moulded components shipped from our Oststeinbek / Hamburg logistics center we provide the fastest on time delivery service to all markets and industries.

**PHILOSOPHY.** Innovative protective closures at the best price in the market.

CAPTOP®

**Material :**  
EVA (Ethylenvinylacetate)

**Standard Colour :**  
yellow

**Individual Productions :**  
On request we develop and produce individually tailored solutions next to the standard items of this range: additional dimensions, different materials and new colours

We would be pleased to advise you.
